

# Empower your workers to connect and co-create **wherever they are**

Microsoft Surface Hub 2S provides people with better meetings, flexibility, and collaboration for more successful hybrid work.

In our e-book, "**Enhance your meeting experience and engage everyone on Surface Hub 2S**," you'll learn more about:

## Inclusivity

Surface Hub 2S helps in-person and remote participants feel connected and engaged in virtual meeting experiences.

## Flexibility

Meet in different virtual or physical workspaces and locations, and experience and co-create with real-time file sharing and collaboration.

## Security

Surface Hub 2S helps keep company data and intellectual property protected with built-in security capabilities.

Empower your employees in the hybrid workplace with Surface Hub 2S.
